FOR IMMEDIATE RELEASE

Long Island Select Healthcare, Inc. Is Open and Accepting Patients

March 25, 2020 Central Islip, NY: Long Island Select Healthcare (LISH) is dedicated to those we serve and has a plan to keep our patients and community remain physically, mentally and emotionally healthy throughout this pandemic.

We are open for business and using virtual care to support your health and wellbeing. The LISH team remains intact and we are redirecting our energy and skills to our virtual care center. LISH is ramping up our current use of telehealth, equipping and training more staff and identifying additional telehealth technology resources to help us meet the needs of our community.

We will deliver mental health, behavioral care, primary and urgent care services via telephone and video. Our locations in Central Islip, Plant Ave in Hauppauge and Riverhead remain open for primary care and dental emergency visits.

We will provide services to our current patients and those who are having difficulty meeting their healthcare needs due to the COVID-19 outbreak. We open our services to anyone as maintaining your health during this time is paramount to help minimize any unnecessary Emergency Department visits and limit your exposure.

Should you need medical treatment, or have any questions regarding the services we currently offer, please call 631-650-2510

There is no need for anyone to lose access to care. We are here to serve in a way that protects everyone:
