

# WALK SAFE... WITH A DOC!

Part of Long Island Mobility Week 2020

Join the New York Coalition for Transportation Safety and the Long Island Health Collaborative as we come together to combine Car Free Day and Walk with a Doc for a special, one-time event!

Starting at the Hempstead Housing Authority, Dr. Keasha Guerrier of LIJ Valley Stream Hospital will give a brief health discussion before she leads us on a walk through Hempstead.

During our walk, hear tips on how to walk safely from the New York Coalition for Transportation Safety.

Masks required and social distancing will be practiced. Event subject to cancellation based on current New York State guidelines.
